

SCHOOL SONG

*This is our Song - It's the School Song.
Let us raise our voice high in chorus,
For the Green and White, let's play the game,
For we're brainy, brawny, brave and bright,
Yes, we're brainy, brawny, brave and bright,
And that is all there is.
Long live our school, our Glorious Alma Mater,
To thee, we'll always be true and loyal.
God bless our Land, God save her and protect her
Thro' the dangers that beset her every day.*

*In the sporting field - in the class room
Striving ever on, ever forward.
Let us do our best, Yes, we'll do our best,
For the green and white, the green and white,
We'll do our very, very, very, very, very, very, very, BEST.
Long live our school. our Glorious Alma Mater,
To thee, we'll always be true and loyal.
God bless our Land, God save her and protect her.
Come follow, follow, follow, our Nil Sine Pulvere.*

*Fair land Australia - Our wide and free land,
Oh, how we praise and cherish every beauty there.
Young hearts are gay - at work and play,
Soon we must say farewell to Cavendish Road.
Long live our school, our Glorious Alma Mater,
To thee, we'll always be true and loyal.
God bless our Land, God save her and protect her.
Come follow, follow, follow, Nil Sine Pulvere.*
